

Customer Proprietary Network Information

Every two years, Federal Law requires PMT to obtain your consent prior to using your current services information; called CPNI. CPNI can be used to notify you regarding time and money saving products and services offered by PMT.

What is “CPNI?” “Customer Proprietary Network Information” relates to the telecommunications services you are currently buying. This customer information includes types of service, the way service is provided, call detail, and account or billing data.

How would PMT use this “information”? Consent on your part would allow us to advise you about new services or offerings that could provide enhanced telecommunication services to meet your needs. Use of the information on your account will allow us to inform you about service options in the future. *Please note, that PMT does not sell customer information.*

What action is necessary on my part to show consent? No action on your part is necessary. If you do not return the “opt-out” portion of this document to us within 33 days of receipt of this notice, and indicate that PMT may **not** use the information, PMT may use it in the manner described above.

What if I don’t consent (opt-out)? You may miss out on new offerings, service proposals or notification of “package” discounts. However, denial of consent on your part will **not** affect any of the services PMT is currently providing to you.

Can I change my mind later? You can contact us at anytime to indicate that you are withdrawing your approval of our use of your CPNI.

**Contact us at: 208-436-7151 or 507 G Street, Rupert, Idaho 83350
208-878-7151 or 1458 Overland Ave, Burley Idaho 83318
208-933-7151 or 308 Shoshone St East, Twin Falls, Idaho 83301**

Cut along dotted line and return signed lower portion to opt-out

I _____ choose to opt-out (**not** provide consent for use of my CPNI).

My account number is: _____

Signature: _____

Date: _____
